Re: Use of Police Academy as a Polling Place

Dear Cobb County Board of Elections & Registration,

The ACLU of Georgia has learned that the Cobb County Board of Elections and Registration (“the Board”) is reconsidering its July 19, 2021 decision to move the Cooper 01 (“CO01”) polling place from Cooper Middle School to the Cobb County Police Academy, effective January 1, 2022. Using a police academy as a polling place in a majority-Black neighborhood will likely deter voters from exercising their right to vote, may violate federal law, and will needlessly confuse voters. We respectfully urge you to reverse the July 19, 2021 decision.

Using a police academy as a polling place will likely deter voters of color from exercising their sacred right to vote. According to September 2021 voter registration data from Cobb County, CO01 serves a community that is majority-Black.¹ In this country’s not-so-distant past, Black people have been harassed, arrested, and even beaten for trying to exercise their right to vote, often at the hands of law enforcement. Furthermore, the issue of police brutality against Black people has recently been the subject of protests across the nation following the murder of George Floyd. While most law enforcement officers carry out their duties in a non-discriminatory manner, the fact remains that many Black voters have understandable concerns about interactions with law enforcement. Forcing Black voters to cast their ballots at a police academy would willfully ignore this painful historical context.

¹ Data shows that out of 5,234 active voters assigned to CO01, 3,051, or 58.2%, are Black voters. See *Active Voters by Precinct and District Combination*, Cobb County Government (September 1, 2021), <https://www.cobbcounty.org/elections/voter-registration/statistics>. This data is attached to this letter as “Exhibit A.”

Using a police academy as a polling place may also violate federal law. Section 11(b) of the Voting Rights Act of 1965 prohibits any attempt to “intimidate, threaten, or coerce any person from voting or attempting to vote...” 52 U.S.C. §10307(b). This prohibition sweeps broadly by design. Congress adopted Section 11(b) of the Voting Rights Act to protect against **all** forms of voter intimidation, regardless of method and regardless of motive. Thus, a violation may be established without any showing that the perpetrator had the subjective purpose of intimidating voters through words or action.² Given the historical backdrop at play, the Board’s use of the police academy as a polling location may violate Section 11(b), regardless of the Board’s motives.

Finally, using the police academy as a polling place instead of Cooper Middle School will likely create confusion among voters who are accustomed to voting at the school. This confusion will be compounded by the sweeping changes that Georgia’s new election law (“SB 202”) will soon bring about, including new restrictions on voters who show up at a different precinct in their county to vote. Redistricting will also introduce new changes to precinct boundaries. Given that these far-reaching changes will all be implemented shortly, now is not the time to sow even more confusion by moving established polling places. It is not too late to mitigate this confusion and use Cooper Middle School as the CO01 polling place.

For these reasons, we urge you to reverse your decision to move the Cooper 01 polling place to the Cobb County Police Academy.

Sincerely,

Rahul Garabadu
Voting Rights Staff Attorney
ACLU of Georgia
